3 Members of Men in Blue Retire Here

Three long time members of Arlington's "men in blue" have retired within the past month. Firefighter William T. Burns, 91 Ronald rd., retired from that department after nearly 41 years of service, Jan. 22.

Burns joined the local fire department, March 1, 1925. Prior to his retirement he had been on duty at the Park Circle station. Meanwhile, William F. Burns was retired from the local police department effective Dec. 31, 1965 after serving nearly the same length of time.

William F. Burns, now a resident of Foster rd., Bedford, formerly lived on Warren st. and Candia st., Arlington. He was appointed a special officer, Feb. 22, 1924 and became a regular officer, May 6 of the same year. Meanwhile Frank Davidson, 53 Lafayette st., retired effective yesterday. He is a native of South Boston and was appointed a reserve officer, April 16, 1934. He was appointed permanent officer, Jan. 19, 1937.

Students Out But No Flu

Although the illness resembling flu is spreading throughout many communities in eastern Mass., Arlington has not experienced it as yet. Supt. of Schools Dr. Bert Roens stated that although there are many students with colds, he wouldn't say it was the flu. Roens added that there are no more than normal out of classes. "This isn't any different from any other year at this time," the Supt. stated.

A roaring "Nor'easter" which knocked down limbs and wires and piled up snow which ranged from 12-15 inches in East Arlington to 15-18 inches in the Heights area, finally lost its grip on Arlington and eastern Mass. late Monday.

Town Manager Edward C. Monahan told this paper at press time that cost of plowing and removing the snow from Arlington streets as of 8 a.m. Wednesday morning had reached the \$35,000 mark.

Town Employees were working around the clock in an effort to move the heavy wet snow which was quickly packed down by the gale force winds, which reached velocities of over 50 miles per hour at times.

Mgr's Statement

Town Manager Edward C. Monahan in a statement to this paper Wednesday asked the co-operation of residents of Arlington in connection with throwing snow on streets.

Mr. Monahan seriously urged that the practice be discontinued.

He explained that in a small storm, conditions aren't as bad, but that during a storm where the snow is so heavy such practice seriously hampers plowing operations.

Monahan stated: "Streets were plowed again and again, but a few thoughtless people after the plows had gone, threw snow back on the streets while clearing sidewalks and driveways leaving runs, ridges, slush and ice on street surfaces."

"This made street surfaces

Schedule Hearings For Several Articles

Attorney David A. Leone, chairman of the Planning Board today announced that

the Board will hold hearings during the month of February on nineteen Articles which have been considered for the consideration of the Town Meeting.

Of the nineteen Articles, Leone continued, the Planning Board has inserted twelve in the 1966 Warrant. These include articles 58 and 59 which will give visual protection to residential properties by preventing off-street parking in the front yards of one and two family homes, a requirement which is presently in force for apartment houses.

Article 61 will require fencing of parking lots for six or more cars or outdoor storage areas where adjacent to residential property.

Article 62 will require tall shrubbery where parking lots and outdoor storage areas abut park, playground, cemetery and parkway land. Article 63 calls for an addition in the recently adopted sign control by-law by establishing further standards for standing signs.

Article 64 would regulate the business hours of gasoline stations and garages between midnight and 6 a.m.

Articles 66 through 69, according to Leone, are concerned with the appearance of main streets and public open spaces, which reflect the

Two Groups Discuss Dance Regulations

Over two type-written pages of dance regulations were discussed by Arlington Selectmen and members of the Arlington Citizens for Youth, Monday night with the result that the Citizens group will make recommended revisions in some areas.

The report will then be turned over to the Board for final approval.

Members of the two groups agreed that reports of each dance held in Arlington would be turned over to the Secretary of the Board of Selectmen, who will keep a check list for future reference.

The report would be submitted by the sponsoring organization. In this manner, when application for a license is made, it may quickly be determined whether or not any trouble had been encountered with any members of the group (dance band, etc.)

Plan Study of Lower Mystic

A scientific study of the Lower Mystic Lake in Arlington and Medford, to determine methods of correcting odor, pollution and other problems has been authorized by the Metropolitan District Commission.

Commissioner Howard Whitmore, Jr. said the study will be conducted by Jason M. Cortell of Wellesley Hills, consultant biologist, who is associated with Allied Biological Control Corporation which carried on a biological survey and weed and algae control program at Upper Mystic Lake last fall.

The new program will include tests to determine the nature and cause of the odor problem, bacterial action, presence and possible sources of septic pollution and the nature and extent of contamination by chemical pol-

lutants, such as detergents, pesticides and surface drainage.

The study will also cover aquatic weed and algae growth and various other factors creating objectionable conditions, as well as methods of abating the problems.

"Although the Lower and Upper Mystic Lakes are adjacent, the problems are not necessarily the same, at least in all respects," Commissioner Whitmore stated.

In its report on the Upper Mystic Lake project, the company said an analysis indicated that dominant species of aquatic weeds had been brought under control and odor-producing algae had dropped well below the minimum levels required to produce problem conditions.

The report stated that the

project "has provided an invaluable first step toward the ultimate reclamation of Upper Mystic Lake."

"While several problems related to the overall fertility of the waters will require additional attention in the years ahead," the M.D.C. was informed, "control of the dominant aquatic weed infestation has been effectively initiated."

"These conditions should be maintained at a level at which recreation, public health and conservation requirements, can all be satisfied," the report concluded.

Shutout Week — A.H.S. Wins 6-0, 3-0; A.C.H.S. Also 3-0

Arlington high school's hockey team all but clinched its fourth consecutive G.B.I. title with three successive shutouts over an eight day period, Jan. 15 through 22, inclusive.

After moving into first place all alone by bombing Rindge Tech 7-0 on the 15th, while Newton was gaining only a tie, Arlington rolled on to 6-0 and 3-0 victories over Newton and Medford, Jan. 19 and 22. Newton also tied Saturday, so Arlington now holds a four point margin over the club which was tied for the top more than a third of the season.

In the Newton game, with the "chips on the line," Arlington made sure fast with three markers in the opening period.

In all five locals scored with Bob Havern, adding to his league-leading total with a pair of markers.

Dick Costa and Steve Donnelly scored two of the goals, while defenseman John Byrne and Jimmy Smith added the other two.

Arlington moved out front 1-0 at 4:27 of the first period when Johnny Deveaux fired a shot on the goal which rebounded out front to Bob Havern and the Arlington sharp-shooter converted.

Defenseman Johnny Byrne made it 2-0 a minute later

with a shot from the blue line.

Another Arlington defenseman made it 3-0 with a 30 footer near the end of the period.

Steve Donnelly scored Arlington's fourth marker early in the second period with Pete Morse getting an assist.

Dick Costa tallied the final goal of the period near the end of the canto.

Bob Havern scored the only goal of the third period when he tipped in a pass from Bob Bartholomew at 3:54.

The game was a penalty-filled one with nine being called in the final period.

Arlington was blanked for a full period before breaking loose against Medford.

Co-captain Johnny Deveaux scored Arlington's first goal at the one minute mark of the second period after a pass from Bob Havern.

Havern added the second marker as the period was about to end when he converted a long pass from Bobby Bartholomew.

Havern passed to Deveaux for Arlington's final goal midway through the final canto.

The Bantam Maroons, hard pressed by the Canadiens for the first ten minutes of the third-round opening game at the Belmont M.D.C. Rink, exploded for four goals to capture their second win of the season in the Youth Hockey Program sponsored by the Arlington Park and Recreation Department.

Frank Agostino made several sparkling saves in the Maroons' net to close the door on the hustling Canadiens, in the opening minutes. Kevin Donovan assisted by Dave Butler opened the scoring for the Maroons. Paul Donnelly added two quick goals on hard blasts into the net and Dick Repetto set up Kevin Donovan to complete the scoring at 4-0 in favor of the Maroons.

The Bantam Rangers continued undefeated but had to pull out the victory in the last 15 seconds to nip the Red Wings 1-0. John Renau, Ranger defenseman, scored his third goal of the season on a combination from Paul Arnold and William Richard to enable the Ran-

gers to hold their league leading spot.

In Pee Wee action the Maple Leafs scored three goals within one minute to notch their first victory of the season, defeating the Rockets, 3-1. The first place Rockets were handed their first loss of the year as Bob McCabe, assisted by Frank Finnigan, opened scoring barrage. Fifteen seconds later, Matt Teevan fed Alan Quinlan in his own end and he skated the length of the ring to score. Thirty seconds later Quinlan scored again on a pass from Teevan. Goalie Bill Walsh posted the shut-out for the Leafs.

The Pee Wee Black Hawks moved into a first place tie by virtue of their 3-0 conquest of the Bruins. Mike Flanagan tallied all three Hawks goals, the first coming on the opening face-off on a pass from his brother, Pat. Rick Kreuz passed to Mike Flanagan for the second goal and Mike scored unassisted to cement the victory. Dick Amico and Ron Crescentini shared the valiant duties in the shut-out win.

Sports Sidelines

The sports talk around town these winter days is whether or not this 1965-66 edition of Eddie Burns' Arlington high school hockey team may be the best in the history of the school.

Arlington's G.B.I. powerhouse just about "nailed down the lid" on an unprecedented fourth straight divisional title with its eighth consecutive victory Saturday by beating a "scrappy" Medford team, 3-0.

Going into the contest with Rindge Tech a week ago Saturday, Arlington was in a "flat-footed" tie for first place with Newton, each with five wins and no losses.

Each team had long individual league winning streaks on the line.

Since that time Arlington has come up with three shutouts — 7-0, 6-0 and 3-0, while Newton has managed no better than two ties and a loss to Arlington. Thus

with the season moving into its closing stages, Arlington has a four point lead.

Since Stoneham, Melrose, etc. moved from the G.B.I. to the Middlesex loop, there has been much debate as to the strength of the G.B.I.

Proponents claim that Arlington has had little or no competition in these past few years.

Those who disagree note Arlington's fine record in post-season play, winning the Mass. title and losing out in the finals in the New England.

This writer, for one, however, feels that this may be the best team ever. When does a team have four top defensemen of the type fielded by this Arlington six? And when has a team had the number of scorers in the leaders as has Arlington this year?

One Arlington sports fan

even went as far as to say that Arlington has third-string linemen who could be playing regularly with many other clubs.

—And in Dom Apprille, the third from this family, the local team has a fine "up-and-coming" young net-minder.

And Arlington teams of the past must have had "something" too. Just listen to this list of former A.H.S. players who are now with college or prep teams.

Ed Ronan at New Prep; Paul Donnelly, Boston State; Buddy Clarke and Allan Kierstead, Boston College; Bobby Carr and Bob Fredo, Harvard, and Shaun Quinlan and Dick DiCaprio at Boston U. Also in prep school is Charlie Toczylowski.

—And this is just a few of more recent vintage.

Arlington Catholic high held onto its chances of winning the Catholic loop hockey title by beating Cathedral 3-0 at the Boston Arena, Sunday.

Xavier held onto second place by crushing Sacred Heart 9-0, while Austin moved into fourth place with a 7-1 victory over Newman.

Matignon held onto the league leadership with 1-0 forfeit victory over Xavierian of Westwood, which was unable to reach the Arena because of the heavy snowstorm.

Bobby Shea scored Arlington's first marker in the opening period and then assisted on second and third period tallies by Coleman to provide the local team with its 3-0 triumph.

Catholic now has a 7-2 record while Xavier is 7-1-1 and Matignon 8-1.

On Display

The subject of one of the
Robbins library current book
displays is "Tension in World
Affairs." Books on various
aspects of world problems
have been assembled in the
foyer of the main library.
They may be seen and bor-
rowed on readers' library
cards.

Displaying books in special
categories has long been a
continuous activity of the
Robbins library. Collections
for exhibit in the main Rob-
bins library adult division are
assembled and arranged by
Mrs. Sheila Brownstein, a
readers' adviser in the cir-
culation department, with the
assistance of Miss Ruth Phil-
pott, staff artist. Miss Corrie
Latimer heads the circula-
tion department.

The subjects of other special
displays which may be seen
currently include "Winter
Sports," "Short Stories for
Spare Moments," and "True
Adventure Stories."

Titles of special interest on
tensions in world affairs in-
clude: "On the Tiger's Back,"
by Aderogba Ajo, which
tells of communist efforts in
Africa; "One Europe," by
Albrecht Carre, relating the
historical background of Eur-
opean unity; and "A Study of
World Tensions and Develop-
ment," by Conference on
World Tensions. The subject
is explored by a group of dis-
tinguished leaders in inter-
national thought.

Also, "International Com-
munism in Latin America,"
by Rollie E. Poppins, telling
the history of a movement;
"Democracy Speaks Many
Tongues," by Richard Waverly
Poston, about community
development around the
world; "Cuban Journal," by
Mohammed A. Rauf Jr., giv-
ing an eyewitness account by
an American reporter; and
"The United States and the
Middle East," by the Ameri-
can assembly. This describes
various movements and prob-
lems of the region.

Plans Exhibit

An exhibit of photographs
by Stephen B. Gersh will be
shown in January at Gallery
216, located at 216 East
75th st. in New York. Gersh
was born and educated in
Arlington.

In 1963, an exhibition of
his photographs entitled
"Thirty-five Photographic
Images" was held in the gal-
lery of Robbins library. At
that time, he discussed the
development of photography
as a serious and aesthetic
medium, and said that it
was growing in acceptance
by the general public as an
art form.

Gersh studied philosophy
and theater at Syracuse Uni-
versity and spent two sum-
mers learning both aesthetic
and technical skills as an
assistant to Ansel Adams.
The forthcoming New York
show entitled simply "Recent
Photographs" may be seen
Jan. 7-30. It will be open
6-9 p.m. on Fridays, and 1-5
p.m. on Saturdays and Sun-
days.

To Mr. and Mrs. Dennis J.
O'Keeffe (Mary T. Femia),
111 North Union st., a son,
Jan. 11, at Symmes.

Arlington police will not be able to park any of their cruisers in the new Post Office parking lot off Central st.

Board members were informed by the local P.O. that it is against Federal regulations to allow parking of any vehicles except those belonging to the Post Office.

On snow and ice the interval between moving cars must be lengthened. In winter, half the posted speed limit may be too fast at times. Adjust speed to changing road surface conditions.

Town Manager Monahan told this reporter that this was the type of storm which caused men to work to the "point of no return." He explained that Town Employees had worked from 2 p.m. Sunday to 6 p.m. Monday night, then went back to work again at midnight.

School sessions were called off and many businesses and offices around town were minus personnel who just couldn't get from their homes to work from areas in and around Arlington.

Meanwhile, as this paper was on the presses, the area was bracing for a possible additional snowfall.

However, how much, if any, was not known because of a possibility of this system going out to sea shortly after the snowline had reached the New York-New Jersey-Southern New England coast.

John Pierce Lynch of Springfield, who holds the office of Registrar of Deeds of Hampden County, will address the members of the Arlington Democratic Town Committee on Thursday, Jan. 27, 1966 at the Robbins library hall.

Candidate

Claire C. O'Neil, 55 Mott st., wife of the late Captain Robert B. O'Neil, U.S. Army has announced her candidacy for election to the Arlington School Committee.

Last year Mrs. O'Neil ran a very strong race in her try for this office, receiving more than 5100 votes. This confidence vote by the citizens of Arlington, and a Board vacancy created by the resignation of Dr. Baker, prompted her to be a candidate in the coming March election.

Mrs. O'Neil said, "I believe my poor ballot position last year, due to alphabetical listing of candidates, was the major cause of defeat. This year I must overcome the same obstacle and I appeal to the voters of Arlington to consider this in their vote for School Committee."

Mrs. O'Neil, a homemaker and taxpayer, is the mother of three children, Suzanne and Patricia, students at Arlington high school and Robert, a sixth grader at Hardy school.

A graduate of St. Mary's of the Assumption Schools, Brookline, she served as Secretary to Professor William Morse Cole of the Harvard Business School and was associated with Olmsted Brothers, Landscape Architects and the U.S. Army Finance Office.

Mrs. O'Neil has been active in P.T.A. for the past 13 years serving on the Executive Boards of the Hardy School and Jr. High East, is a Corporator of the Arlington Boys' Club, a Director

Shown above are a group of precinct captains in the current March of Dimes fund raising campaign. Seated is Mrs. Beatrice Rogers, Mothers' March chairman; standing, l. to r., Ralph LaValle, Arlington chairman; Mrs. William Howe; Mrs. Doris Crensen, School Committee member; Mrs. George Varum; Mrs. Rishton Muller; Mrs. Vincent Shwab, teen-age advisor; and Mrs. John Dencan.

In announcing the March of Dimes campaign date of Thursday, Jan. 27 through Sunday, Jan. 30, Mrs. Beatrice Rogers, Mothers' March chairman stated, "We really ought to call it the 'March for Children'."

As chairman of the Mothers' March Against Birth Defects, she will coordinate the efforts of hundreds of volunteers visiting area homes on Sunday, Jan. 30, on behalf of the March of Dimes.

"The Mothers' March always has been for children," explained Mrs. Rogers. "In the beginning, it was to make it possible for them to live free from the fear of polio; now, to secure for them the best chance for normal development from even before the time they are born."

"It's hard to believe how many don't have that chance today," she added.

The Mothers' March leader noted that a quarter-million babies are born each year with serious birth defects. Thousands of them die before their first birthday. Other thousands survive to spend lives marred by physi-

cal disability or mental retardation.

"Tragic news like the birth of defective babies to many of the mothers who contracted German measles during last year's epidemic, serves to dramatize the birth defect problem," said Mrs. Rogers. "Severe as it is, German measles causes only a small percentage of the hundreds of birth defects which are the targets of the March of Dimes program."

"This program," she continued, "includes a nationwide network of hospital-affiliated centers where birth defect children can receive the best care and treatment available. And while it is providing this assistance to victims of birth defects, the March of Dimes through research grants in this country and abroad is spearheading the search for the means to prevent these conditions."

"Many of us know mothers who had to ask why their babies were not born perfect," concluded Mrs. Rogers. "We can help spare future mothers that question by giving generously to the 'marching mother'."

in the Arlington Catholic Woman's Club, former Town Meeting Member, a charter member and present Vice President of the Arlington Boys' Club Boosters.

During the past year Mrs. O'Neil was elected by Precinct 4 Town Meeting Members to fill a vacancy for the Special Town Meeting last November, served on the Committee for the expansion of the East Branch Library and attended P.T.A. Council, School Committee and Community Action Council meetings.

The second librarian to join the technical services division in 1965, is Clinton W. Tao, who received his A.B. from Chung-shan University and has two degrees in Library Science, one from Boone University in China and another from the University of Washington at Seattle. An American citizen, he also holds an M.A. in education from Teachers College at Columbia University.

Mr. Tao came to Robbins library as chief of technical services on Oct. 25, 1965, after having served as a senior cataloger and reviser of the descriptive cataloging division of the Library of Congress since 1959. Prior to that Mr. Tao was head of the reference section of the National Central Library of China and later head of the cataloging section there. From 1955-57, he served as cataloger of fine arts materials of the Public Library of Cincinnati and Hamilton County in Ohio.

In 1965, three new school librarians joined Arlington's school library program. They were Mrs. Howard Ostrowsky, Mrs. Richard H. Brown, and Mrs. Labib Yamak.

Mrs. Ostrowsky, who came on July 26, 1965, is a graduate of Douglass College, where she took graduate courses in Library Science. Before coming to Robbins, she was in public library service in Arlington, Virginia, and is currently serving as School Librarian at the Cutter and Crosby schools here. She is also studying Library Science part time at Simmons College.

Mrs. Brown, who came to the Robbins Library on August 30, 1965, had been a teacher for three years and had also served in the Belmont public library. She graduated from the University of Pennsylvania, and received her Master's Degree in education there, the following year. She has also taken courses in Library Science at Simmons College in Boston, and is continuing to do so. In Arlington, Mrs. Brown is serving as school librarian at the Locke and Parmenter schools.

Mrs. Yamak has also had substantial background in both the library and teaching fields. She received her Master's Degree in Library Science from Columbia University School of Library Service, and has served in branches and in the Children's room of the New York Public library.

She was serials librarian in the library of the American University in Beirut. She has also been a teacher of seventh to ninth grade English in Wasau, Wisconsin. In her present position, Mrs. Yamak is school librarian at the Hardy school of Arlington.

Candidate

To the Editor,

Due to a vacancy created by a member of the Housing Authority, I would like to take this opportunity through your newspaper, to announce my candidacy for the existing vacancy.

I personally feel that I am qualified for this office. My background consists of thirty-five years of business experience in Harvard Square Cambridge and Arlington. I have dealt with the general public in retail and personal services. Served on the Board of Directors of the Three Brothers Corp. and vice-president and treasurer. President of my own company here in Arlington, Cammarata Valet Inc., which I recently sold three years ago, and went into the field of General Construction with my offices in Arlington and Lexington.

My experience in this field has enabled me to understand the ramifications and knowledge that goes into the construction and maintenance in homes, apartments and commercial buildings. During this period I have established myself with many businesses in the building field. Because of this background I feel it would be an asset to the office of which I seek.

I am forty-nine years old and a life-long resident of Arlington. I have watched this community grow from a small agricultural community to its present status, with a population well over fifty-five thousand, and the second largest town in the United States.

I am a graduate of Arlington school system. I furthered my education at Northeastern Law and Accounting School, Industrial Technical School of Boston and State Teacher's College in Fitchburg, Mass.

I am married to the former Julia Fabrizio of Boston, present owner of Julie's Dressmaking Shop in Arlington Center. I have two children, Christine who is now attending Lowell State Teacher's College and Anthony a junior in Arlington High School. I reside at 106 Spring st.

I was appointed by the Board of Selectmen in 1963 to the Board of Arlington Historical Committee for the purpose of establishing recognition of Historical Heritage which Arlington deserves. I am presently working on the "Uncle Sam" Wilson project. I was instrumental in placing the "Uncle Sam" exhibit in the Massachusetts Pavilion in the World's Fair in New York. During that period over one million people travelling through the Pavilion first learned that "Uncle Sam" was not only a symbol but a fact that he was born in Arlington, Mass., in 1766.

Since 1952, I have been active in civic and political affairs. I have worked as Precinct captain in Red Cross, in Precinct 14, Scoutmaster of St. James Church and neighborhood commissioner with five troops under my jurisdiction. Worked on community, Salvation Army and Red Feather drives. Became general chairman of the March of Dimes in the Town of Arlington. Campaign manager for Volpe for Governor here in Arlington, in all of his campaigns.

These are the qualifications that I have to offer to the residents of Arlington. Also the firm desire to serve for a better and richer heritage which she richly deserves. I ask the full support of all the citizens of Arlington and my friends to help me achieve this goal.

With the deepest sincerity,
Christopher J. Cammarata

There is a Co-ed Teen Activity conducted at the Arlington Boys' Club on the first and third Friday of each month.

What do we require from you? First, behavior that is appropriate for any mature young adult and acceptable in your home. Second, a registration fee for an annual membership or guest fee for one evening.

What can you do, perhaps you should say — what do you want to do? Chat with some friends over a coke; listen to or dance to some swing music on the hi-fi; watch TV; play ping pong, pool or some other game. Swim or play basketball or volleyball.

Plans for Vocation Day - - -

Making plans for the Augustinian Vocation Day which was held Monday at Merrimack College, North Andover, are, l. to r., Mr. Robert X. Mattson, O.S.A., Pennsylvania; Mr. William J. Mahoney, O.S.A., Arlington; Mr. John D. Lawler, O.S.A., Arlington; the Rev. George F. Riley, O.S.A., a native of Lawrence and Vocation Director of the Augustinian eastern province; and Mr. Thomas Bonica, O.S.A., Newton. The four seminarians are all former students at Merrimack.

Two Arlington residents, John D. Lawler and William J. Mahoney, visited Merrimack College, their alma mater, this week in connection with that school's Augustinian Vocation Day.

Currently studying for the Augustinian priesthood at Villanova University, the two men were accompanied by two of their classmates, also former students, and the Rev. George F. Riley, O.S.A., director of vocations for the Augustinian's eastern province.

The two men spent Monday renewing old acquaintances and discussing the many aspects of Augustinian life.

Lawler is the son of Mr. and Mrs. John D. Lawler, Sr., 193 Waverly St. He attended the Brackett School and Junior High West, and was

graduated from Arlington high school in 1961.

He enrolled at Merrimack in the fall of 1961 and had completed his sophomore year before leaving the college to join the Augustinians at their Novitiate in New Hamburg, New York.

According to Canon Law, he spent a year and a day at the Novitiate and was then transferred to the Order's major seminary at Villanova where he is now in his senior year majoring in philosophy and English.

The son of Mrs. Francis X. Mahoney, 52 Highland Ave., Arlington, Mr. Mahoney received a bachelor of arts degree in mathematics-education from Merrimack in 1964.

While at Merrimack he was selected to participate in the Mathematics Honors

course, and was twice elected to membership in "Who's Who Among American University and College Students."

Mahoney was a member of the varsity hockey team and received the most valuable player award for the 1962-63 season.

Among his extracurricular activities were: freshman class vice-president, sophomore class president, mathematics club vice-president, sanctuary society president, Junior Week Sports Day co-chairman, National Federation of College Students delegate and membership in Sigma Beta Kappa, a national Catholic fraternity.

The seminarians and the director returned to Villanova on Tuesday.

A "Thank You" to Men of Wasp from Mrs. Louder

A belated but heartfelt 'thank you' was spoken by Mrs. Thomas J. Louder, Jr. on Friday, Jan. 21, to nine of the ten young men from the aircraft carrier USS Wasp who donated blood on her behalf.

These young men and Ens. Roger Anderson representing the Commanding Officer of the USS Wasp, Captain Gordon E. Hartley were guests at a luncheon at Symmes hospital, last week.

Also present were Mr. Louder; Donald E. Nickerson, president of the board of trustees; Merwin F. Ashley; Harold A. Cahalin; Mrs. William E. Phillips; J. Milton Washburn, Jr.; administrator Robert R. Lovejoy, Assistant administrator Arthur H. Leslie, Jr.; Morris W. Shapiro, M.D., chief of pathology; evening blood bank technician Timothy B. Murphy; blood bank technicians David B. Bertolami and Mary V. Biscoe; and Lt. Jones of the Chelsea Naval hospital.

This story of people help-

ing people all began last fall (Nov. 5 & 6) when Mrs. Louder underwent major surgery at another hospital. A critical development demanded fresh blood from walking donors.

Mr. Louder is chief laboratory technician at Symmes hospital. This hospital's blood bank went to work quickly polling nurses on duty and others off duty asking for immediate donors for O negative blood. Bill Rush at WEEL had the request on the air from 2 a.m. until 9 a.m. and two donors heard and responded.

One young man, a relative of a nurse, suggested calling the Navy Yard and, as luck would have it, both the USS Wasp and the USS Essex were in harbor.

Although about 75% of the 2000 men aboard the Wasp were on weekend leave and a like proportion off duty aboard the Essex, duty officers began checking those aboard for the blood type needed. Within an hour,

twenty men were ready and police from Station 15 in Charlestown escorted the navy truck to the Arlington line where local police took over.

Stanley Miarecki, Jr. of the Chelsea Naval hospital not only donated blood but stayed through the night helping Symmes technicians process other donors. Others continued to arrive throughout the night.

Mrs. Louder, the mother of a fourteen year old daughter, used all the blood donated. Her presence at the luncheon was something she had looked forward to for two months, providing her with the opportunity to meet and thank the young men who had done so much for her.

The eleven donors from the USS Essex will be entertained at a luncheon next month.

At the luncheon last week were (from Chelsea Naval Hospital) Lt. Jones, Personal Officer, Stanley Miarecki, Jr.; and from USS Wasp, Ens.

Girl Scout Cookie Time

Girl Scout Cookie time has arrived! Little girls (and big ones too) in green uniforms will be around taking orders for cookies throughout the Mistic Side Girl Scout Council. When you buy a box of cookies, you are buying a share in the program of the troop, a share in the camping program, and a share in the Council. You are giving Girl Scouts wider opportunities.

Mrs. Peter F. Greeley, Chairman of the Arlington Neighborhood has named Mrs. Richard Northrop as the Neighborhood Cookie Manager of Arlington.

The Brownies, youngest

members of our organization, will not sell cookies this year as is recommended by the National Organization. The Juniors, Cadettes and Seniors will start the order-taking on the 4th of February and will continue through the 14th. Cookies will be delivered in March.

Mistic Side Girl Scout Council is a member of the United Community Services and receives its funds from the Massachusetts Bay United Fund.

The Club Circle

Dallin-Locke PTA

The "non-graded elementary school" was the topic under discussion at the joint meeting of the Dallin and Locke P.T.A. groups at the Dallin school, Jan. 18.

This continuous progress program will be introduced to the six and seven year olds in the aforementioned schools next year, according to Miss Mary Murphy, Principal of the Locke School, and Miss Shirley Vedoe, Principal of the Dallin School.

Miss Murphy and Miss Vedoe have been working on this project for the past two years and have received the consent of Dr. Roens, Superintendent of Arlington Schools, and of the School Committee to put the program into action.

Dr. Robert Anderson, Professor of Education at the Harvard University graduate school was the guest speaker.

Dr. Anderson, who has been acting as a consultant to Miss Murphy and Miss Vedoe, was the first superintendent of the Park Forest, Illinois school system — the first ungraded primary school in the United States.

He explained the non-graded school as a system of continuous progress where the child will advance in each area as his performance indicates his mastery of the subject.

Such a system will eliminate the "lock step" of the grade system where the child is often consigned to total failure because of his inability to master a certain specific area of the total material covered in the grade.

Under the non-graded system the child moves ahead at his own rate of learning thus eliminating the stigma

and arbitrariness of non-promotion.

The non-graded system according to Dr. Anderson, is designed to enhance the child's self-concept and aid him in achieving the full extent of his potential.

Dr. Anderson answered many questions put to him by the audience. His response to one question pointed out the fact that the non-graded system is not as revolutionary a concept as is first considered, but is similar in many respects to the grouping and enrichment programs already in existence in the Arlington School system.

Sgt. Arthur Guarente, traffic and safety officer, Arlington Police department, with Bishop PTA president, Rev. John Douhan, and Mrs. Douhan, and program chairman, Mrs. Joseph Cullinan.

The Bishop PTA met on Jan. 20 to hear Sgt. Arthur Guarente, Safety and Traffic Officer for the Arlington Police Department, outline the rights and duties of pedestrians, motorists and cyclists. His talk was followed by a film produced by the Department of Health, Education and Welfare which emphasized parental responsibility for educating children about proper safety practices.

Classroom visitation and a short business meeting conducted by Rev. John Douhan, PTA president, preceded the evening's program. The minutes of the last meeting were read by Mrs. Roy Prescott.

Mrs. Salvatore Leto announced the dates of the next two concerts for grades 3-6 in the Adventures in Music series. Parent attendance was recorded by Mrs. William Foley, membership chairman, assisted by Mrs. Mario DiPerna. Mrs. Pagnam, first grade teacher, was awarded the attendance banner.
